Hi Jay,
Is this meeting still on? Let me know, and I will check with Mariya if she can join. I think our session in Seattle went well.
Thanks,
Sarah

Ed,

I have attached the data sheet that I mentioned on our call this morning It would be good to take advantage of Avi's visit to Cincinnati next Tuesday and Wednesday to go through this form to help fill in gaps. I have cc'ed Sarah Cashman from ERG whose group is performing the life cycle costing and analysis work for us via contract, and would have cc'ed Avi but could not readily find his email address. I'm available from 12-1 on Tuesday (or later in the day but that will conflict with Sarah's commitments on Tues aft) and Wednesday from 12-1 and 230-5
